1955

MEMORANDUM FOR : Chief, Finance Division  
ATTENTION : Chief, Accounting Branch  
FROM : Comptroller, Project AQUATONE  
SUBJECT : Allotment 5-1004-50-005 - Obligation under  
Project OCTROI

1. Pursuant to memorandum dated 22 March 1955 from the Chief, Finance Division, to the Chief, Accounting Branch, an obligation was established in the amount of \$5,500,000.00 against the subject project. It is now known that a portion of this obligation will be used to reimburse the USAF for considerations furnished in an estimated amount of \$350,000.00 and it may be desirable to reduce the obligation originally established to \$5,150,000.00 and establish a separate obligation in favor of the USAF in the amount stated (\$350,000.00) in order that there will be no appreciable delay in reimbursing USAF when the 1080 Voucher is received.

2. If the action indicated is taken, please so state on the attached copy of this memorandum and return it for completion of the Project records. The allotment chargeable will remain the same, but reimbursement to USAF will be accomplished through the Fiscal Division.
